Moving towards developing second generation of HRH plan - applying the CCF process

Way Forward Development of the HRH Strategic Plan 2011-2015 Coordination and buy-in from HRH CCF meeting in Cairo stakeholders June 2010 reinforced critical components • Linkage and alignment with Health for HRH planning Sector and Health Systems Strengthening Strategies CCF process is being applied to engage Resource mobilization to support all stakeholders HRH country needs European Union will HRH TWG has reached consensus finance the technical Assistant for the on and approved the ToRs for a Technical assistant for the development of the development of the HRH 2nd 2nd generation of HRH plan generation plan

Applying lessons Learnt to development of HRH Strategic Plan 2011-2015

- Stakeholder collaboration throughout the process is critical to ensure that:
 - a common vision on the goals and objectives is agreed;
 - there are comprehensive inputs from various sources;
 - funding sources are secured are incorporated; and
 implementing partners have clear direction and can align their mandate;
- Open and constant communication with stakeholders on the progress of the development and implementation of the plan;
- MOH and stakeholders must take ownership and hold themselves accountable for implementation and achieving the targets.
